# STRATEGIC ANTI-CRIME

## District 1 SUMMIT

**Drive Out Crime**

**Build Neighborhood Strength**

**Saturday, June 20, 2015**

---

# Final Report

CITY OF TOPEKA

James Brown, Police Chief
www.topeka.org

Police Department
320 S Kansas Avenue, Suite 100
Topeka, KS 66603-3640
Tel: (785) 368-9551

Community Partners,

I would like to thank Councilwoman Karen Hiller for her vision and hard work in helping make the District 1 Strategic Anti-Crime Summit a success. This summit brought concerned residents together so they could get a solid understanding of the criminal justice system and better understand how citizens can become a part of that to drive down criminal activity and form safer neighborhoods. The power of a network of involved residents and business owners who care deeply about their neighborhoods and are willing to work to make them better is the police department's best resource for reducing crime. I am grateful that the police department was given the opportunity to assist with this Anti-Crime Summit.

I believe the Summit was a huge success and by the feedback received, the citizens of Topeka want more of this type of networking and outreach. The first Anti-Crime Summit can also serve as a template moving forward for other areas of the City. The Summit revealed that there are many great ideas for improving neighborhoods and reducing crime. A common theme among many of the ideas was a need for cooperation, communication and taking ownership of their neighborhoods. The police department has been and will continue to be committed to community policing. We have also taken the next step and moved our Community Officers out of the Law Enforcement Center and into their own neighborhood offices. It is my hope that this will bring more communication and cooperation between the residents of Topeka and the officers who serve them. Thank you once again for all who took part in this successful Summit.

Sincerely,

James L. Brown
Chief of Police

August 1, 2015

Subject: District 1 Strategic Anti-Crime Summit June 20, 2015

Chief Brown,

On behalf of District 1 and the entire city, THANK YOU!!!

Your senior and CPO staff as well as volunteers were fabulous! Thanks to the Department of Neighborhood Relations for being a major contributing partner as well.

We arrived eager to improve safety and drive out crime in our neighborhoods. We appreciated the opportunity to learn and to share critical observations and ideas with each other, all with our Community Policing officers, whom we treasure, at the table with us.

To take us forward, we appreciate the commitment of the Police Department and Neighborhood Relations to consider all of the conversations of the Summit, then provide responses specifying actions you would take, immediately, with us and for us. And here they are. This Summit document with its complete set of notes will be a great reference for us and others for future action as well.

Thank you again for a great success!

Karen A. Hiller

Karen A. Hiller, Councilwoman
City of Topeka District 1

## Topeka Police Department Input Session Responses

1. During the Crime Summit we heard your request for an easier way to contact your Community Policing Officers. We now have a "Community Policing Hotline" where you can call one number and reach both East and West side Community Policing Sergeants with any concern. The number is **785-368-2500**.

2. In response to the concerns that neighborhood complaints and information provided by citizens were not being addressed in a timely manner, or were being lost in the process, we now have a data base where the Community Policing Sergeants enter complaints and information relays and those complaints and information relays are captured and reviewed daily for completion by the Sergeants and their chain of command.

3. We heard your concern that frequently called telephone numbers for the Topeka Police Department were not readily available and you wanted refrigerator magnets to remind you of the numbers. By National Night Out, we will have available refrigerator magnets as in the example below.

4. In response to your requests we are pleased to let you know that we have taken our first of many neighborhood walks around a neighborhood with citizens from the neighborhood. We have more scheduled and if you would like your Community Officer to come to your neighborhood please contact your Community Officer or the Community Policing Hotline.

5. We are in the process of looking at ways to address other concerns and will be getting more information out on those topics as it becomes available.

1. The Department of Community Engagement is creating initiatives to assist in increasing neighborhood involvement i.e. walk and talks to speak face to face with residents and to invite them to meetings etc.

2. The Department of Community Engagement will provide NextDoor training later this summer and the first Neighborhood Leaders Roundtable will be held in October. This will afford neighborhoods the opportunity to dialogue with each other.

3. The Neighborhood Response Team has been created through collaboration with the Department of Neighborhood Relations and the Topeka Police Department to begin this initiative in August with the initial focus in the Intensive Care neighborhoods.

4. Interim City Attorney Mary Feighny has agreed to allow a listing of Department of Neighborhood Relations, qualified repair contractors, to be distributed.

5. The 2016 proposed budget includes the Topeka Neighborhood Initiative which will fund increased rehabilitation of neighborhood streets, as well as increased demolition of dilapidated structures in the community. It also includes the proposed development of a youth employment program.

6. The Department of Neighborhood Relations is in discussions with Habitat for Humanity about expanding our existing partnership to create more affordable home ownership opportunity in the community.

7. Miscellaneous requests:
    - The Department of Neighborhood Relations can provide trash bags to the neighborhoods via Keep America Beautiful.
    - Lighting concerns can be addressed by the Street Department 368-0929
    - Concerns about code issues can be addressed by E311, www.topeka.org/e311 or 368-3111.

# Input Session Notes (9 Groups)

1. Downtown needs program for upgrading structures and other areas of the City.
2. Municipal court files need to be put on-line for landlords.
3. Neighborhoods need to take ownership of their areas and make sure they are clean.
4. Summer program for tweens that engages law enforcement.
5. Program to teach basic skills to tweens and teens. Involve the City and churches.
6. Get your neighborhoods more involved.
7. Pay it forward; develop the culture for people to take ownership.
8. 501 to develop service hours for a community minded attitude.
9. Police visits to youth groups, Scout meetings etc.
10. Participate in National Night Out!

---

11. Identified the neighborhood crime producers, domestic violence, drugs, property crimes i.e. break-ins and thefts, rentals vs. owner occupied homes, older residents victims of crime.
12. The solutions to the problems they identified were, better communication with Next Door, NA's and NIA's, need to appoint a police liaison (Ward Meade may be the only one with one). Focus on posting things going on and stay away from complaints and gripe sessions.
13. When calling the police, people should not hesitate, even if the person thinks it is a small thing.
14. Even if there is no crime being committed, people should call the police because it gives them a chance to develop intelligence on active criminals.
15. Please recognize and know your neighbors, suggested speaking to people on neighborhood walks.

---

16. Neighborhoods need to improve on attendance to NIA's and NA's as they perceive that the police spend more time in neighborhoods that attend meetings.
17. Neighborhoods need to improve on the sharing of information with one another by using calling trees, Next Door and Neighborhood Watch.
18. Neighbors need to know each other face to face.
19. TPD encourages citizens to call in and report crime.
20. Concerns with lighting in their neighborhoods and who to contact about lighting.
21. Concerned about abandoned homes in their neighborhoods.
22. Concerns about code issues including overgrown trees blocking traffic view.
23. Would like more information about E311.
24. Would like to see more involvement with Community Officers in the neighborhood and possibly include Community Officers walking with citizens in their neighborhoods.
25. Would like to see the program coffee with a cop started for early morning coffee drinkers.

---

26. Have to get people to understand that they don't need to hesitate to call when they are thinking about calling the police.
27. Make sure you have a neighborhood list serv or are members of Next Door.
28. Establish a calling tree for your neighborhood
29. When it comes to communications, know your neighbors but this is difficult if the neighborhood is full of rentals.
30. Concerns with abandoned houses and code complaints.
31. Put E311 on the app store.
32. Need to increase neighborhood attendance in the NIA's
33. Would like to see Community Police Officers partner with neighborhood residents and go out patrolling.

---

34. One of the things we noticed was that Animal Control was missing today and we would like to hear from them.
35. Who is in charge of foreclosure property? Banks, loan companies etc.
36. Fear of crime – more than crime itself.
37. We need to start calling council members when we have problems because they have the resources to help us.
38. Cornerstone properties check on tenant's backgrounds and they feel more Cornerstone properties are needed.
39. Get rid of the mentality that "Times are tough – you got to do what you got to do."
40. Improve attendance at neighborhood meetings. Make them with a variety of events to encourage attendance.
41. Join Next Door.
42. The police department has been able to benefit from people being able to identify criminals when they are seen on Next Door.
43. Police are very helpful and are a good resource for information.

---

44. The number one problem is participation
45. In Topeka you can go places and you will know someone. Criminals do not like this.
46. Our objectives are to improve communication within neighborhood groups.
47. We are requesting a list of qualified workers to do such things as repairs to homes, mow grass etc. Angie's list works.
48. Drugs, gangs, prostitution and mental illness are the issues in our neighborhoods.
49. We need to look at acquiring land, forming partnerships with Habitat. Have a land bank, look long term.
50. Need security cameras pointed at the front porch.
51. People don't call police due to fear.
52. Good advice from a property manager is to tell her about the problems and she will report it. Crimes can be reported anonymously.
53. Some property managers have drug addendums on their leases.

54. There are low cost surveillance cameras available. Menards has one for $40 or $50 dollars.
55. One member would like to see a change in advertising that does not deal in the motive, maybe involve neighbors.
56. An idea for prostitution that has worked is to have officers walk around the block, as when this happens, prostitutes disperse. 7th and Tyler area.
57. One neighborhood member is being threatened by the prostitute's pimps when she calls in to the police department. She needs to file a police report and press charges.
58. Great idea for Community Officers to bring officers with them to the NIA meetings so the neighborhood can become familiar with the officers that work in their area.
59. There is emphasis in the Police Department on Community Policing.
60. The Community Policing effort has been outstanding in Topeka.
61. Next Door has been helpful.
62. Would like to see follow up and what will happen next.
63. www.shawneecourt.org and then click on public records to get information on arrests for subjects.
64. Offer some good training at the Topeka Police Department

---

65. What could police, residents and businesses do better to drive out crime in District 1? Ward Meade has blighted housing, houses needing demolition. There is crime in Central Park area. Lighting, police presence and neighborhood communication would be very helpful in driving out crime.
66. Why is it that people don't call the police? Response Time!
    Who from the police department will address our questions, concerns and complaints? Supervisor, Professional Standards? Would like a response.
    Fear of retaliation. Concerns of judging incorrectly. Please encourage your neighbors to call. Utilize your community officer.
67. How can we make our neighborhoods safer? National Night Out! Become active in your neighborhood. Introduce yourself, offer assistance, talking with neighbors. Look out for each other "The village theory", don't judge, build a sense of community. Lighting is vital! It deters crime.
68. What frustrates Topeka Police about neighborhood folks? Lack of tips that result in arrests. Provide more detailed information!

---

69. Keep an eye on the homes and residents on either side of your residence.
70. Report anything out of the ordinary, even if you think it is insignificant.
71. As residents of Topeka, think of the policemen and women as a friend and support team for your house and area.
72. Never assume the worst but do acknowledge the situation to something that does need to be addressed/acted upon.
73. Be thankful that we do have a concerned police force that is willing to work one-on-one if necessary with our community.

74. If you happen to see an officer in need, reach out and give them a hand by calling the police and letting them know an officers needs back-up.
75. Do your duty (old Girl Scout thing). Remember we have evolved from "Planet of The Apes" and as a human should look out for one another's "hiney".
76. Be a pro-citizen not a post-citizen.
77. Hey, police are people too, they cry, they laugh, they break down, they get excited, etc.
78. If you are caught in an infraction for gosh sakes just stop and don't run from the scene, face the music.

---

79. It's difficult to pass on information person to person, neighbor t neighbor. People don't seem to share the same civilities.
80. Police follow through would be appreciated for crime victims. And communication should be improved among all kinds of agencies that may be involved with the victim, such as senior citizen centers, office of aging, disability, welfare.
81. More presence. Sometimes it feels like the police are just not around. Are they working today?
82. Would be nice to have a refrigerator magnet with phone numbers, as it is hard to find anything in the phone book.
83. I want to see the reputation of my neighborhood (as dangerous and unsafe) changed to being a good place to live.
84. Officer was sympathetic to hearing impaired elderly man, tried to communication with him.
85. We need help to improve our own neighborhoods. I'm the only house on a block with apartment complexes and businesses; my neighbors cuss me out if I try to talk to them, I don't want to talk to criminals. I only know people in the 5 houses around my house.
86. People work different shifts, so how to have a neighborhood activity?
87. Nextdoor.com, connect online.
88. NIA, no working, nobody involved.
89. Outcomes I can do myself.
90. Used to see signs in windows "Safe House." I can do that, be a place where kids lost or hurt can go, need for houses to be safe spots for children.
91. Personally more active in NIA and continue to call the police when something goes on in my neighborhood.

## Breakout Session – Neighborhood Strategies That Work

## Monique Glaudé, Department of Neighborhood Relations

1. Suggestions:
    - Community Walks and trash pick-up
    - Late evening patrolling
    - Fire hydrant painting
    - Street sweeper schedule
    - More money for neighborhoods
    - Notice to clean gutters
    - Send resource sheet with water-bill

2. Successes:
    - Central Park lake
    - Property management collaboration
    - Project take over makeover
    - Community garden
    - Public/Private Partnership
    - Neighborhood Volunteers
    - TPD and Code Liaison
    - Code Compliance
    - Removal of tires

3. Challenges:
    - Heartland Community closing
    - Mowing and blowing grass into the street
    - Property management issues
    - Empty houses and vacant properties
    - Squatters and dumpers
    - Cars being broken into
    - Rental properties
    - Prostitution
    - Stray animals
    - 8th and Jewell yellow tape
    - Street cleaning – 1200 blk Buchanan
    - Boarded homes with overgrown grass
    - Vagrancy
    - Water main breaks under newly repaired streets
    - Police Department coordination
    - Lack of sidewalks in some neighborhoods
    - Lack of lighting at Willow and Woodlawn

# Individual Comment Sheet Notes

1. Any suggestions to fight crime in District 1 that did not come up today that you would like to suggest?
    - I'm glad to say everything was covered.
    - Finding funds for home video equipment like TFD making smoke detectors available for free.
    - Better use of school officers
    - A list of contractors who do reliable, cost effective work/repairs for older homes.
    - Solar lighting possibilities.
    - Continue patrolling, making officers visible on all shifts to help keep crime down.
    - Need more Valeo people
    - Sometimes it feels like there are no officers on the streets – visibility can be a deterrent.
    - Need numbers more available for Community Policing officers.
    - Not everyone has email to be able to email their officers.
    - Would like to have Coffee with a Cop, in our business. We would also like to walk with our Community Officer for introductions.
    - I would like to see all street cameras recording and saved not live action only.
    - Police presence in neighborhoods. Events for citizens. Remove blighted houses and buildings.
    - African Americans need to turn out and put more effort into getting other African Americans to turn out.
    - Be more pro-active as a citizen, don't just be a by-stander member.

2. This Summit inspired me to:
    - Be more aware of events and people in my neighborhood.
    - More observant.
    - Get involved and make my community a better place to live.
    - Continue working on crime issues.
    - Continue to reach out and help others.
    - Make more suggestions.
    - Be more attentive to my surroundings.
    - Be pro-active.
    - Call police even over less trivial matters for police statistical records.
    - Call in more when I see an issue that concerns me rather than choosing to ignore.
    - Be patient while the police rearrange themselves and have more numbers.
    - Continue to promote our NIA.
    - Hand out fliers.
    - Talk to neighbors more than I already do.
    - More caring for my neighbors and just not assume things are ok or let someone else be a responsible person.

3. What educational programs you would like to see for residents, businesses or police?
    - Police interacting with our schools, Avondale East program is great!
    - Reduction of drug use and alcohol abuse.
    - More of these Summits!
    - More public meetings.
    - A program addressing what to do when confronted with certain situations: i.e. home invasions, suspicious persons etc.
    - Any kind of information residents can use to keep at home to contact PD.
    - Who to contact if you need help maintenance of either home or yard, especially if you have health issues that keep you down.
    - Gangs, drugs, drug houses, absent landlords.
    - Self-sufficient skill sets.
    - Environmental design classes.
    - Move meetings like this one on a quarterly basis.

4. Should we do something like this again?
    - Yes!
    - Yes, less talking about the internal stuff.
    - Yes please!
    - Yes, more directed to solutions.
    - Would like this to continue to reach others in our City.
    - Yes in other districts, improve the microphone, could not hear clearly.
    - Absolutely, I would not change a thing.
    - Yes!
    - Yes. Giving a little more time for questions and interaction.
    - Absolutely do again!
    - These meeting are helpful and informative. I hope meetings continue!
    - Have another even like this again.
    - I had all of this 15 years ago.
    - There was lots of info and statistics on what is being done to help prevent crime. Send correct phone/email contact information. Refrigerator magnets with 911 and non-emergency contact numbers.
    - Yes with information on gangs, drugs, drug houses, absent landlords.
    - Yes, I thought it was great.
    - Do it again in my neighborhood.
    - Yes!
    - Yes in all the district neighborhoods!
    - Yes positively. Get to know who's who and what's what. (Maybe 2 sessions, one morning and one in the afternoon.

5. Other comments?
    - Great to see police presence in Auburndale.

- More group discussions.
- Thank-you for making us feel like we matter.
- Big thankyou to staff and agencies involved!
- The 43 minutes could have been better spent on prevention. "If it's not yours don't touch it". The school officers need to do more than just sit in the office on a chair like at Landon Middle School.
- Loved it!
- A challenge we have is informing and connecting the different generations in our district.
- This summit has been very beneficial.
- How about forms to list all property likely to be stolen in house with space for serial numbers.
- Please get with K-State extension for youth and adult programming. Can Washburn University students, faculty and staff help? One day and long term projects? Call Rick Ellis at 670-1950.
- Great job to the policemen and women.

6. How did you find out about the Crime Summit?
    - Karen Hiller and fliers
    - NIA Meeting and Next Door
    - Next Door
    - Flier
    - Karen Hiller
    - Phone call from police department
    - News Media
    - Newspaper
    - TV-Flier
    - Flier left at door
    - NIA
    - Council woman told me

7. Number of District 1 business that filled out comment sheets? 3

8. Number of District 1 residents that filled out comment sheets? 15

9. Number of outside District 1 residents that filled out comment sheets? 3
