# Work on Project

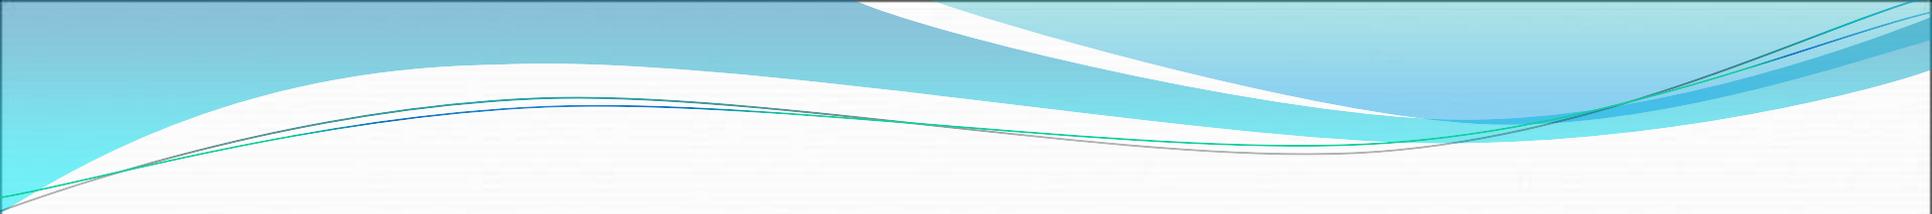

- **Asphalt pavement patching**
- **Mill and overlay of all streets**
- **Minor concrete remove and replacement**
- **Limited storm structure removal and replacement**

# Project Traffic Handling

- **Project will be kept open to local traffic during construction. Patching will be done by closing ½ the roadway at a time or access from one direction or the other.**
- **During Asphalt overlay, access directly to property will be limited for a few hours.**
- **Limited number of full closures may occur where access isn't an issue.**

# Anticipated Project Schedule

- **Work will begin approximately beginning of July 2016.**
- **Project is to be completed by October 28, 2016.**

**THANK YOU FOR  
COMING TODAY!**
